THE BIO - CLEAN + PERSONAL

skip the menus and the copyright / DMCA disclaimers - a clean bio reads better and converts better.

- keep it personal and matched to your niche
- separate your sentences cleanly so it's easy to read
- mix in tasteful symbols instead of repeating one emoji
- slip in a little personality - a joke or two in the bullets

FILL-IN-THE-BLANK BIO TEMPLATE

■ **THE DISCOUNT - THE REAL CONVERSION LEVER**

always run a discount - 90% off for 31 days brings your sub down to about \$3.

- use the LIMITED OFFER (a countdown + spots left) to add scarcity - it pushes fence-sitters to subscribe now.

■ **AUTO-PROMO - CRM REACTIVATION**

KEEP AN OFFER ALWAYS LIVE

a CRM like CreatorHero re-activates your page promos and keeps them live when they run out - OnlyFans can't do that itself.

■ **WHAT THE PAGE IS NOT**

the content is IG-level on purpose - you don't want them satisfied by the page, you want them curious enough to message you.

every piece of your page points one way - into the chats.
